

Scouts Hold Annual Blue-Gold Banquet; Fithians Win Father-Son Project

Rock Hall News

On Saturday evening the Annual Blue and Gold Banquet was held at the Rock Hall Church Hall. The delicious dinner, consisting of fried chicken, lima beans, parried potatoes, cole slaw and jello with whipped cream was prepared and served by the Rock Hall M. Y. F. which incidentally was their first money making project of the new year. Approximately 100 attended, more were expected, but due to measles, a few of the fellows couldn't attend. Guests of the Scouts for the evening were Coach Art Engle, Cub Master, Mr. and Mrs. Charles Boulter, representing the Lions Club (the Cub's sponsor) Elder Bankes of the Seven-Day Adventist Church, Mr. Jim Walters, the District Executive, SP4 Hayes, leader of the Boy Scouts, with three of his boys, Chris Bothe, Frank Hogans and Donnie Walbert. The program began with the three boys telling of their trip with Scoutmaster Hayes to Philmont, New Mexico, during the summer months. The boys used a map to point out places of interest, where they camped and sights they had seen. Mr. Hayes then showed color slides of the trip. For the past month each Cub Scout was given a Genius Kit to work on and make something out of the contents. Jim Walters and Jim Hayes judged the boys' finished projects. Winners were, 1st place, Jeff Fithian, with an ice boat; 2nd place, Donnie Jones, with a train engine, and 3rd place, Jimmie Culley, with an ice boat. This was a father and son project, and incidentally if any one is interested in such things as spools, string, pipe cleaners, a board, tin can, etc. So you can see what the boys had to work with. They didn't have to use all the contents of the kit, but they could not add to them. All in all a grand evening was in store for all who attended, and I think a word of praise is due the Cubs, for their busy bee attitudes, preparing for this banquet.

Last Monday evening the Lions Club (the Cub Scouts sponsor) played host at a turkey dinner for the new District Scout Executive, Mr. James Walters, and also the Den Mothers, of local troops. Those attending being Mrs. Shirley Ashley, Mrs. Emma Townsend and Mrs. Bernice Warner, SP4 Jim Hayes, leader of the Boy Scouts, and Capt. Edward Fellows.

A FINE FEATHERED FRIEND is "Feathers," a robin adopted by Mr. and Mrs. Omar Thompson last Labor Day, and who still makes his residence with them in Kings Town, eating such surprising tidbits as salads and scraps from the table.

"Feathers" has as his quarters a former guinea pig cage, and is quite pleased with his indoor way of life. He was a young bird

in distress when found last September in the Thompson yard, and has on several occasions refused to be set free.

"Feathers" had bathed before meeting our photographer recently, and is shown above, right, drying off on Mrs. Thompson's shoulder, and left, declining her offer of a diaper for indoor flights. The diaper was a Christmas present.

Lee McKnight of the Nike Base. Mr. Walters gave a most interesting speech on scouting after dinner. Sorry to hear that we will be losing Mr. Hayes in May. The Club is now trying to find an interested man to work with Hayes until May, with option to take over the troop. Good luck in finding the right fellow.

Boy Scout Week, officially started Sunday with the boys attending church together. Bernice Warner attended with the boys who go to Wesley Chapel. Emma Townsend and Shirley Ashley attended with the group at Rock Hall Methodist and Art Engle attended with the boys at the Catholic Church.

An observer happened to see a pair of bare feet on the ice at Tolchester Saturday, during the warm spell. Could this by any chance be an early sign of spring?

Since school was out last Monday, a lot of our local children enjoyed the afternoon skating on the pond at Preston Jacques.

Mr. and Mrs. Leslie Simms spent last Sunday with her brother, Mr. and Mrs. A. W. "Toots" Porter, in Millington. Mr. and Mrs. Monroe Colman will leave on Wednesday for a Florida vacation.

Mr. and Mrs. Rob Gatling

visited over the week-end with their son, Ricky at Blue Mountain Academy.

Mildred Smith, a frequent visitor of Tolchester Estates, and a sister of Gert Groves, entered Mercy Hospital on Monday for an operation scheduled for Tuesday. Last report is that she's doing fine.

Last Sunday Mr. and Mrs. Frank Sewell entertained for dinner Mr. and Mrs. Enoch Evergum, of Bridgeton, N. J., and also Mr. and Mrs. Henry Sewell.

Aside from a lot of our townsmen being quite ill with the measles, there are also several of our local people feeling a lot better since their release from the hospital. Among those recently released and improving nicely are Mr. George Carroll, Mrs. Bernice Plummer and Mrs. Olive Anderson. The latter was a patient of Washington Sanitarium Hospital in Tacoma Park. Still on the hospital list is little Rosie Layton. Hope she's soon out and around.

A new little lady and gentleman came to make their homes in our community this week. To the Dudley Reeds, an 8 lb. 7 oz. boy, came along to keep his little brother company, and to the Robert Puppe's a new little 6 lb. miss, was ushered in to the delight of the family. Congratulations to both.

The Ralph Pecks, of Philadelphia, spent Saturday at their Tolchester home.

The Schiers, also of Philadelphia, spent the week-end at their summer home there also. Keith and Jimmy Bishton spent Sunday visiting their sister, Dr. and Mrs. Mitchell Kasper and family, in West Milford, N. J.

Misses Judy Burris and Joan Wilson, senior students at Johns Hopkins, spent the week-end with Mr. and Mrs. Gus Giampietro.

Several Rock Hall Homemakers were among the lucky few (25 to be exact) to attend the meeting held at the Home Demonstration Office, the objective being how to make their own hats. The first 25 applications from the county for this particular meeting.

Relatives of Mrs. Minnie Kelly, inform me that she will be home next Sunday, from her Texas trip.

Correspondence received from the Billy Grenkes who are in San Jose, Costa Rica, Central America, by the Henry Jewells, reads in part as follows, "We are having a marvelous time with the average temperature around 75 degrees. Maybe one day out of ten the ash from the volcanoes is bad. We have been swimming twice, and the sand on the beach is black. We are situated in a valley, and wherever we look there are mountains and volcanoes. The vegetation is fabulous here, the trees are overhanging with orchids, and some of the poinsettias grow ten feet tall. Among the many plantations are coffee, bananas, sugar cane and pineapple. We are living right in the heart of the country, only two blocks from the country's president. There are shops and stores of all description and many modern shopping centers."

Mrs. Ester Simms, along with the help of the Wesley M. Y. F., gave a surprise "Sweet Sixteen" birthday party for her daughter, Darlene, last Wednesday at the Wesley Church Hall. There were twenty-seven children on hand to help her celebrate, and she received many nice gifts. They enjoyed refreshments of cake, punch, candy and nuts. After refreshments the kids enjoyed dancing to a record player. Many more Darlene!

Mrs. John Snowman returned home Friday after spending two weeks with her daughter, Mr. and Mrs. Carlton Purdum and Heather Lynn in Baltimore. The Purdums were to return Sunday evening, but were slightly delayed. Sorry to hear you folks had car trouble.

Till next week, folks!

Youth Learn Spanish Words

Youth and children attending the mission study course at the Sudersville Church Sunday night learned Spanish words in connection with the class sessions. The study is being conducted for the Sudersville and Millington Churches composed of six Methodist Churches in Kent and Queen Anne's Counties.

Mr. Stanley Sutton, of Chestertown, added interest to his class of Junior Highs by having them learn certain Spanish words. The youth have taken a great interest in this matter and it is believed that the class will grow in numbers as the course progresses.

Mr. Foster Shahan showed the movie, "The Measure of Success", depicting a Spanish American Pastor's experiences in working with his people who have come to North America to live.

The Adult class, the largest of the classes, instructed by the Executive Secretary of the Delaware Council of Churches, the Reverend Samuel Snyder, is studying about the particular witness of Protestantism to Spanish Americans using the text book, "Death of a Myth".

The classes are held each Sunday night, 6:30 to 8:30, and are followed by a time of refreshments and fellowship in the church house. There is a class for every age group, and all are welcome.

YMF Group Plan Rock Hall Meeting

County Sub District of Methodist Youth Fellowship Churches of Kent County will meet in the Rock Hall Methodist Church Monday, February 15th, at 7:45 p. m. Rev. Kirby Krams, of Wilmington, a social worker with youth, will discuss "Juvenile Delinquency."

The Bible Class of Marion Methodist Church met with Mrs. Graham Ervin Monday evening. Mrs. Clarence Carter is the teacher with seven members present. The spir-

No window post. No floor hump. No radiator. No power steering. No power brakes.

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin—what you do get in their place.

Take the no window post, for example. What you do get is hardtop styling—with curved frameless side windows—in every Corvair closed model.

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator—the engine's air-cooled—also means no water, no antifreeze and no hose leaks to worry about. All

of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure—with no nosediving.
